

AIMO

Portable

P832

A4 MOBILE PRINTER

Excellent Portability

P831 is so light and slim that you can hold it with only one hand easily. Satisfy your printing needs anytime and anywhere.

Long Battery Life

2000mAh large battery capacity supports 48hrs ultra-long standby. Support 120 pages of consecutive printing after once fully charged, which provides you with a super great outdoor printing experience.

Stable & Efficient Bluetooth Connection

Direct Bluetooth connection can avoid redundant signal interference. Widely support iOS, Android, as well as MAC and Windows.

Convenient Charging

When connecting with PC, support charging and data transfer at the same time. Coming with a USB Type-C cable, you can charge the printer with a power bank, onboard charger, laptop, and power charger.

HD Printing

300DPI printing resolution provides a clear and delicate effect and a great user experience.

Legible Indicators to Read

There are 2 indicators for paper and connection status. Users can clearly understand if the printer is ready.

Easy Paper Feeding and Ribbon Loading

Feeding paper is easy, without opening the cover. Adjustable paper rail help simply fit A4/ B5/ A5 and letter size paper. Ribbon installation and replacement are easy, just by lifting and lowering.
